What is NCUA?

The National Credit Union Administration (NCUA) is the independent agency that administers the National Credit Union Share Insurance Fund (NCUSIF). Like the FDIC's Deposit Insurance Fund, the NCUSIF is a federal insurance fund backed by the full faith and credit of the United States government.

The NCUSIF insures member savings in federally insured credit unions, which account for about 98 percent of all credit unions in the United States. Deposits at all federal credit unions and the vast majority of state-chartered credit unions are covered by NCUSIF protection.

Visit www.ncua.gov for more information about The National Credit Union Administration.
