Traveling this summer?

Any time you plan on traveling out of Oregon it is a great idea to put a travel alert on your debit and/or credit cards that you plan on using. This could save you the headache of having your card blocked. A travel alert simply notifies the card company that you will be in that particular destination at the particular time you indicated. This, however, does not mean your card will not get compromised. Responding to any alerts you receive will help to take care of issues with your card. Make sure you always check your monthly statement or sign up for home banking.
